

This year, we are implementing a point system for all agriculture classes. Students will receive points for participating in activities outside of class time with the goal of collecting 100 points each semester. The points will count as 2 test grades at the end of the semester. Most of the points will be submitted in AET. There are events that students can do on their own, and some are chapter events. This is a preliminary list of events; other events will be added to the list as they come up and are planned. Most of the event details can be found in the AET Calendar. If you know of any event the chapter should consider, email Mr. or Mrs. Lutton ([glutton@colleton.k12.sc.us](mailto:glutton@colleton.k12.sc.us), [rlutton@colleton.k12.sc.us](mailto:rlutton@colleton.k12.sc.us)) the event details, and we will look into the event.

Event	Points	Max Points	Notes	How to submit
Attend CDE Practice	2	60	2 points per practice	AET
Plant Sales	2	20	Points/hr. working. Events will be on a non-school day.	AET
Christmas parade build/ participate	2	20	Parade Float build will be multiple days after school, 2 points per day	AET
